We are back meeting at the RSL this week...

We are back at the RSL this week, when we will have an update from Simon about his visit to the Lighthouse Foundation home in Bonbeach. Please also keep donating books for our giant book sale that is coming up soon; the more books we have to sell, the better (of course, people love *quality* books, so please feel free to donate any really good books you've read and don't need any more).

Keep an eye out for anyone who might need a mobility scooter – we still have a few scooters left to provide to people living with disabilities, to enable them to get out and about. We'll also be talking about fundraising ideas – all ideas are welcome!

Have a good week!

Ian.

Update on our upcoming Book Sale from Joanne Pearson...

Organisation for the book sale in November at the Patterson Lakes Community Centre has been continuing. A reminder that donations are still welcome but could you try and do so by the end of September (Joanne and Maree are both away in October). Joanne and Sandy Paull have been busy sorting and collecting books and Joanne estimates that we have collected at least 2,000 books (unaudited!). The Chelsea library has been a great source of good quality books as have generous contributions from many individuals. Thanks also to Sandy Antonuccio and the Men's Shed for the stands they have made for the book categories - and to Peter Batten for organising laminating.

Volunteers will be needed to help with the sale from PM Friday the 24th of November through to PM Sunday the 26th so please keep some time free over that weekend to help.

More details will be provided as we get closer to the big day!

INVOLVEMENT

Because of your loyal support, our Club provided the most consistent donations raising **\$90,000 over 11 years.**

Interplast Australia and New Zealand is a non-profit incorporated company established as a joint project between the Royal Australian College of Surgeons and Rotary.

Funds raised by the Interplast Golf Day will be used to finance **volunteer surgical teams performing re-constructive surgery and training to correct severe facial deformities** among young people in South East Asia and the Pacific Islands.

Whatever involvement you can offer for these kids will improve their lives. Over the last four years our loyal supporters raised over \$30,000 and are entitled to be proud of their contribution to eliminating the disfiguring cleft palate condition of these children. This is life changing surgery that can allow them to eat and breathe normally and spare them and their families being shunned by others.
